

# **FISCAL NOTE**

## **HB 2294 - SB 2279**

April 2, 2005

**SUMMARY OF BILL:** Increases the number of non-related, primary aged persons from one to three for which a home for the aged may provide room, board and domiciliary care without licensure.

### **ESTIMATED FISCAL IMPACT:**

**Other Fiscal Impact – To the extent that the one facility with three beds and the five facilities with four beds determine that it is advantageous to reduce the number of residents they care for by one and two respectively, there could be a reduction in licensure fee revenues estimated to be not significant. Such decrease, if any, would be offset by the reduction in survey and licensing costs associated with the licensure of facilities with such few beds.**

Assumption:

- This bill will not have a significant fiscal impact on the Department of Health.
